

**In The World Of  
Vandal Resistant  
Wall Packs –**

**It Doesn't Hurt  
To Be Really  
Good Looking.**

**WAVO**

**– SMART AND GOOD LOOKING.**

For some, looking good requires a lot of effort. For others, like the WAVO and WAVR, good looks come naturally. A sleek architectural design and numerous finish, lens and guard styles make these wall packs stand out in a crowd.

Now if it's brains you're looking for, the WAV Series in oval (O) or round (R) shines in that category too! Designed to outsmart all but the sharpest vandals, these durable all-weather wall packs perform well in outdoor wet, indoor, commercial or residential applications.

Sure, good looks are in the eye of the beholder, but the Wall Architectural Vandal Series from Williams Outdoor looks great from any perspective.

WAVO3

## FEATURES:

- 1/2" NPS threaded hub and plugged conduit entry points.
- T-15 tamper-resistant pin-in-Torx stainless steel screws standard (optional T-15 drive socket available).
- Four color options, up to four lens guard styles, and three lens types provide design flexibility.
- Wet location listed. Weep hole on lens guard reduces dirt and moisture accumulation.

## SPECIFICATIONS:

- HOUSING – One-piece die-cast marine grade aluminum housing.
- ELECTRICAL – WAVO2/WAVR2: 4-pin electronic ballast standard. Prewired at factory for easy installation. Rated 0°F starting. WAVO3/WAVR3: Porcelain socket. Prewired at factory for easy installation. Rated -20°F starting.
- LENS – One-piece injection-molded UV-stabilized polycarbonate lens in assorted styles.
- LENS GUARD – One-piece injection-molded UV-stabilized polycarbonate in various configurations.
- FINISH – Bronze color standard. Optional colors include black, white, and titanium (custom colors not available).
- MOUNTING – Wall mount.
- LABELS – cCSAus certified as luminaire suitable for wet location.
