VERSATILE MOUNTING

Williams cylinders provide design continuity with a comprehensive list of mounting options – pendant, cable, power cord, wall and ceiling.

Unique TwistLock surface mount technology ensures a simple and secure installation.

3 TRIM TYPES

OPEN

FLUSH LENS

REGRESSED LENS

Tailor distributions to illuminate every facet of your space with a selection of beam angles as narrow as 8° and as wide as 70°. Further refine your illumination with designer focused die-cast lensed trims for flawless illumination.

4 DISTRIBUTIONS

WIDE

FINISHES

Expertly-engineered reflectors create smooth, low-glare radiance leaving a soft, quiet ceiling. Specify one of our standard finishes, or choose a RAL color to integrate custom elements into the environment.

6 Standard Housing Options

13 Reflector Options

HUMAN-CENTRIC LIGHTING

Dim To Warm

Mimic the comfortable, welcoming glow of incandescents using warm dimming LEDs to provide intimate lighting in restaurants, hotels, and high-end residences.

Tunable White

Support human-centric design through adaptive, individualized lighting using tunable white light to promote wellness in healthcare facilities, enhance concentration in classrooms, and improve productivity in workspaces.

LIGHTING CONTROLS

Bluetooth® Lighting Controls

Gateway-free technology from Avi-on plus integrated fixture controls from Williams combine to deliver a turnkey solution that makes commissioning and setup a breeze.

In-Fixture Solutions

Through our partnerships with industry leaders, we bring sophisticated lighting controls and specification-grade LED luminaires together to enhance user experiences in the built environment.

Data-Driven Systems

With over 80 PoE-enabled luminaires connected to environmental sensors and software through network integration, we provide an IoT lighting backbone for healthy, smart buildings.
